## holistic therapies

The word 'holistic' comes from the Greek word 'holos' meaning 'whole'. The holistic approach to health and well-being takes into account a person's whole being: mental, physical and spiritual, not just the physical symptoms or problems.

Everything we do in our daily lives affects our bodies. For example, an uncomfortable working environment, lack of exercise and a poor diet can cause stress, tiredness and related conditions, such as anxiety, headaches, muscle tension and depression.

Holistic therapies work to promote harmony of mind, body and spirit to aid the body's natural healing ability and to restore natural balance.

## massage

Massage is recognised as one of the oldest methods of healing and has many benefits including:

- ↳ Relief from pain and stiffness in the muscles
- ↳ Relaxes the mind and the whole body
- ↳ Relieves stress, tension and anxiety
- ↳ Calms the nervous system
- ↳ Lowers blood pressure and heart rate
- ↳ Stimulates the body's natural healing ability
- ↳ Enhances skin tone and improves circulation
- ↳ Promotes restful sleep

## massage treatments

**De-stress back, neck & shoulder massage**                      **30 mins**                      **£22.00**

This popular treatment is a firm yet deeply relaxing massage to ease away tension and stress using warm aromatic oils.

**Lime & ginger salt glow back massage**                      **40 mins**                      **£28.00**

Invigorate and revitalise with this exotic exfoliation ritual. A rich combination of lime, sea salt and purifying ginger is blended with oils to stimulate and polish the skin before a relaxing back, neck and shoulder massage. Relieves tension as well as leaving the skin smooth and silky soft.

**Aromatherapy back, neck & shoulder massage with aromatherapy facial**                      **60 mins**                      **£37.00**

Essential oils play an important role in massage as you not only benefit from the massage, but from the inhalation and the effect the oils have as they are absorbed into the skin and then into the bloodstream. This deeply relaxing, gentle and soothing back massage is combined with a facial massage, cleanse, exfoliation, tone, eye cream and moisturiser. A fantastic value pampering treatment.

**Swedish full body massage**                      **60 mins**                      **£45.00**

Swedish massage is a deeply relaxing treatment that involves a wide range of massage techniques including pressure, friction, kneading, soft tissue manipulation and stretching to loosen tension knots and totally relax mind, body and spirit.

## holistic treatments

**Indian Head Massage**                      **40 mins**                      **£25.00**

Based on ancient Ayurvedic techniques, an Indian Head Massage not only works on the scalp, but also the face, shoulders, upper back and arms and is an ideal stress-busting treatment.

**Ear candles with lymph drainage massage**                      **40 mins**                      **£25.00**

Ear candling, also known as Thermo-Auricular therapy, is an ancient therapy that is relaxing, calming and very gentle.

The ear candle (a hollow muslin and beeswax tube) will be gently placed into your ear and the opposite end of the candle is then lit, inducing a pleasant and very relaxing feeling of warmth around the ears and sinuses.

The treatment helps with ear wax build up, aids pressure regulation in cases of sinusitis and headaches and can help ease nose and throat congestion.

**Reiki healing**                      **60 mins**                      **£30.00**

This ancient Japanese healing therapy is a non-invasive treatment where the therapist places their hands gently over areas of the body to promote self healing. The treatment is carried out with the client fully clothed lying on a treatment couch.

The whole body is treated rather than just a specific area or symptom. The energy can be felt as a soothing warmth or tingling, bringing about a deep sense of relaxation and well-being.
